WHOLESALE LIST OF LININGOUT PLANTS  
SEASON 1937 and 1938

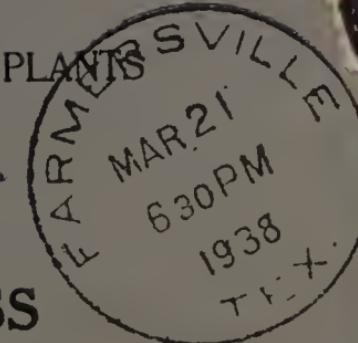

—from—

**HENDRIX & GLASS**

FARMERSVILLE, TEXAS

We make a specialty of growing lining-out plants for the trade. All of these plants have been growing in pots in open beds all this season and are ready for the field when you get them. Each plant wrapped separately packed in light weight boxes and reach you in good condition.

**NO NUT GRASS IN OUR PLANTS.**

CHERRY LAUREL	\$6.00	\$60.00
EU. JAPONICA	\$6.00	\$50.00
LIG. JAPONICUM Seed Bed	\$2.00	\$15.00

These are extra nice Plants 18|24 Inches.

Drive up and see these fine plants, we believe they are the best that you can find in Texas and remember that we do not have any nut grass in these plants.

Good liners are scarce this fall. We have just had a nice rain, put your plants in the field and they will be growing this winter and you will get a better stand than if you wait until spring to do your planting.

We have quite a good many large plants in the field that we are offering at a good price if you dig and burlap them yourself.

Why pay the other fellow when you can take our men and get good pay for their labor by having them dig and burlap them while you are here on the job.

We are on Highways 78 and 24. Come see these plants and select the ones you want.
